40 years in the business - what a journey, what a wild ride! Our industry has come a long way, and we are proud to have been an essential part of it - and still going strong, stronger than ever! This is not given for granted, it requires a trustful relationship between the parties. The past 40 years showed that the community of customers and partners have been much more than that: over the years we have become a community of friends, almost like family - built on trust, mutual understanding and loyalty.

Thank you, everyone, for having embarked on this journey with us - I am looking forward to many more great years to come!

Let's celebrate this milestone together!
